

Bluebeam Revu Workshop - Training Guide

Calculate Material Costs & Quantities with Bluebeam Revu

This hands-on workshop focuses on quantity takeoffs, cost analysis, and measurements with Bluebeam Revu. We'll create custom material libraries with different costs per foot, square feet, and cubic feet, along with clean summary reports.

I. Interface & Profile Setup

- Custom Profiles & Optimal Settings
- The Status Bar
- Synchronize Pages & Documents
- Rulers & Crosshairs
- Selection & Navigation
- Settings & Preferences

II. Tool Libraries & Measurements

- Markup Customization
- Creating Tool Libraries
- Drawing & Properties Mode
- Importing Tools & Resources
- Sequences

III. Status Management & Custom Columns

- Custom Status Settings
- Custom Choice Columns
- Formulas for Calculations
- Associating Materials with Markups
- Form Field Calculations

IV. Summary Reports & AI Prompts

- PDF & XML Summary Reports
- Hyperlinked Table of Contents
- Filter Options
- Custom Configurations
- Claude AI Integration Demo
